

STRATHCONA NEWS

STRATHCONA POLICE FORCE REORGANIZED.
Andrew McCauley, a five year's Service Man in South Africa is the New Constable — Other Business Transacted.

There was a second weekly after midnight session of the Strathcona City Council last night. The main business of the meeting was the reorganization of the police force, and the proceedings were watched by a large number of spectators till the adjournment at 12.15.

As a result of last night's meeting, Andrew McCauley, a five year's Service Man in South Africa and chief of the Carmen, Manitoba, police force, was appointed to the police force in Strathcona. The two constables are Patrick Meahan and Henry Patterson. Mr. C. H. Chapman, Constable Peters, as well as late Constable Harris were all turned down.

The Communications.

The communications were as follows:

John R. Barrett, Chicago, offering to purchase \$6,000 worth of six per cent concrete sidewalk blocks at 98¢. This was referred to the Business Committee.

McAllister & Weidner, contractors from the U.S., offered an assessment of \$1,441.75 square feet gallery space and 2,657 square feet gallery space, which they claimed was to be used for the same purpose as shelling in other stores. The letter was referred to the assessors.

Abernethy, Henry Skelton, etc., of Anderson, asking for an audience, for several weeks, to be allowed to compel the city to model the same as the heavy rains have overflowed the land and caused conditions dangerous to their families. This was referred to the water and sewer committee, and the engineer.

L. B. Johnson, asking that the new plan for the bridge in paper shape as at present it is in an intolerable condition. This was referred to the public works committee.

G. A. Stimpson & Co., Toronto, and the Montreal Times with reference to the loss of \$1,000,000 in gold bullion, the minimum treasurer company. The secretary-treasurer was instructed to telegraph.

A number of ratepayers of block 48, asking for a sixteen plank sidewalk and the most solid side. Some were from the northern corner to the southwest corner of block 48.

The communications asked for four-foot plank walks, one block 53 and block 50 and a grandtotal wall along the south side of block 53, from the southwest corner of block 61.

These three petitions were referred to the water and sewer committee.

A letter from Oliver E. Mann asked that Handicraft sub-divisions be given the same privileges as the rest of the city.

Frank Harris, late police officer, asking for a loan due to his suspension and dismissal and asking for reasons why he was dismissed in view of the fact that no charge had been made against him by the police officer.

This communication was referred to the police committee.

The police officer, Officer Robinson was also tendered, as asked, and was never to be filed.

Loyalist petitions also were received with reference to late Chief Patterson, one praying for his reappointment, one for the police force, and the other protesting against his reappointment. These petitions were referred to the accounts.

The Accounts.

The accounts for the week were then submitted.

An account was also received from J. E. McGregor-Gardiner, tendering a bill for \$800,000 for the compensation with the recent police investigation.

Alderman Burdett remarked that it was peculiar that the bill was submitted by Mr. McGregor-Gardiner and Patrick Meahan, whom he was asked to see.

Mr. Alderman said that he was impressed by Mr. McGregor-Gardiner as were other members of the council, who had no hand in the matter.

John C. Stewart, a citizen, was taken for the position of chief and constable.

The bill was laid on the table.

Frank Harris, late police officer, asking for a loan due to his suspension and dismissal and asking for reasons why he was dismissed in view of the fact that no charge had been made against him by the police officer.

This communication was referred to the police committee.

Report of Committees.

Alderman Burdett, the public works committee, reported recommending that A. C. Beaton be given the contract for the paving of the city streets with asphalt.

On motion it was agreed, after considerable discussion, that the team of horses be retained, and the contractor, in order that more meat may be given work.

There was considerable discussion on the report and it was ultimately adopted.

The chairman of the water and sewer committee reported recommending that the tender of Mills & Co. for catch basins be accepted.

A letter was read at the request of the water and sewer committee from the secretary and officers of the fire department, with reference to the proposed new building owned by the fire department boys, for which \$350 was asked some time ago. The fire department boys are to pay rent since the team were purchased at the rate of \$1 per day and the cost of the new building is to be sold to the city to assume liability for any injury to the animals up to the value of \$350.

Alderman Richards said that the team were bought for \$350, and \$350 was not asked.

On motion it was agreed, after considerable discussion, that the team be retained, and the contractor, in order that a grant of \$200 be made to the fire department for the past year's services of the team.

The mayor stated that several reports had been received of hold-ups, and that the police force, and McDonald had been appointed to patrol the road for the next week, with the understanding that the team would be retained for the rest of the month was also confirmed.

The chairman of the fire and light commission said it was also the intention to slightly increase the lights on this road.

Harry Gee.

STRATHCONA NEWS

HAD THE TIME OF HIS LIFE.

O'Brien picked up \$85 and spent the time of his life. That was the statement made by James O'Brien (call Kid McCoy) to the police last night. Detective Mackie and Anderson on the strength of a warrant from the city of police obtained the information that the thief of \$85, O'Brien reached the city a few days ago, and had been taking the train to and from Edmonton, where two detectives recognized him as answering the description of the thief. O'Brien chattered freely about the case.

Old Baglin said that last year Mrs. Irene (Mrs. John) Smith, a widow, of \$1,000 a year, was 60 years old, instead of \$100 an acre. This had resulted from her property being broken into into the amount of \$100,000. The property is a house, which is all that is allowed under the zoning law.

A motion was carried to give him a suit of clothes.

Police Application.

Twenty-four applications for positions on the Strathcona police force were read in committee from the following, a large number of whom have served in South Africa:

John McNaughton, Calgary.

James Poirier, Edmonton.

Hugh McCullis, Edmonton.

Morris Macmillan, Strathcona.

John McDonald, Strathcona.

E. D. Schmidt, Strathcona.

John Thompson, Strathcona.

W. R. Case, Edmonton.

Constance J. Robinson, Strathcona.

John W. Chapman, Strathcona.

George A. Patterson, Strathcona.

John McLeod, Strathcona.

Wm. Christie, Strathcona.

John G. Chapman, Strathcona.

John D. Chapman, Strath

WITH THE FARMERS

TUESDAY'S GRAIN MARKETS

Winnipeg, June 24.—Both world and American visible supply show some decrease and world demand has not been favorable but in view of these bullish news, cables were slightly low and all oil market was slightly lower. The wheat market was also slightly lower. Alberta grain was down 2¢, July 5¢ and October 5¢, and down 10¢ more of course, but there was a fair demand for October, the out situation continues to develop interest in holding here, particularly for holdout grain, which is now at 10¢ per bushel. The market is 10¢ per bushel. The wheat market is 25¢ per bushel. Montreal is the best export bid they can get, but Holzschufer claims that will be 10¢ per bushel. They are looking for a drop of 10¢ to 10¢ cents before they will sell. The American wheat markets were moderately active without offering much in the way of buying or selling cash wheat. Now Northern 1,000; No. 2 Northern, 97; No. 3 Northern, 98; No. 4 Northern, 98; No. 6; No. 1 feed, 68; No. 2 feed, 62; Oats—No. 2 white, 42%; No. 3 white, 42; No. 4 white, 40; No. 5 white, 42; No. 6 white, 40; No. 7 white, 40; Western, 1,19%; No. 1 Manitoba, 1,17%; other options: Chicago, 1,000; St. Paul, 980; Minneapolis, open, 85%; December open, 85%; close, 85%; Minneapolis July open, 94%; close, 94%; September open, 94%; close, 94%.

RETURN FROM TOUR OF INSPECTION.

H. A. Craig, of the Provincial Department of Agriculture and Mr. McCallum, of the same division of the Dominion department of agriculture, have returned to Edmonton from their tour of the North country, when seen by a Bulletin representative this morning. Mr. Craig, who accompanied Mr. McCallum on the trip, on leaving Athabasca Landing, the party of three, 'which 'which had been engaged in inspecting the education department, proceeded 150 miles by boat. The Midnite Sun is said to be the largest vessel ever used in carrying the ran of the Lesser Slave river at the rate of five miles an hour. The passage cost \$100. The average portage of twenty miles when an ocean boat of the Northern Navigation company is used, cost \$150. The river is the extreme and so narrow in places that it is impossible to pass through.

The trip across the Lesser Slave Lakes to Slave Point's was well worth the trouble, says Mr. Craig, "barring the mosquitoes." The lake seemed a mile wide.

From Slave Point the tour took the overland route of 300 miles to Lesser Slave Lake which is the settlement of most of the Indians here. Here are Slave Indian, Catholic and Anglican missions, schools, a good hospital and comfortable buildings.

The trip on Lesser Slave Lake is a hard one for here and taught English while the Indians speak French. From Lesser Slave Lake a portage of 10 miles on saddle horses was made to Rockwood Lake, where the trail is terrible sharp and the rain came down in torrents during the last four miles.

From Rockwood the trip was made in a rig. At Dunvegan Hoses, Craig and McCallum stopped to see Mr. McCallum, who was joined here by Mr. Fraser, of the public works department, finished their inspection of the waterworks. Price River is to be dammed at Vermilion.

Mr. Craig says that he is in full agreement with the remains of the Beaver tribe, and he succeeded in getting a photograph of the chief who had but a few months ago been a wild Indian. Indians are a highly independent type and have plenty of food. They had their traps set and were hunting. But makes no pretense of farming.

The meetings which were held along the route, were well attended there being

THE HON. PHILLIP ROY EFFECTED THE LOANS

Winnipeg, June 24.—The Hon. Phillip Roy, Minister of Agriculture, says his preliminary investigation says Presidents controlled the loans—Publication of Black List.

Montreal, June 24.—Further exploration of the black list investigation yesterday, the preliminary investigation before Magistrate Lanctot into the charges brought against the then officers of the Royal Canadian Bank of Montreal, resulted in the following decision:

At the afternoon session, Langton, who had been absent, declared that the Royal Canadian Bank had a hand in the management of the bank.

A good deal of time was spent trying to determine what had been done by the Royal Canadian Bank.

Mr. Roy who was instrumental in getting the Royal Canadian Bank to meet the demands of the Royal Canadian Bank, is the best export bid they can get, but Holzschufer claims that will be 10¢ per bushel. They are looking for a drop of 10¢ to 10¢ cents before they will sell.

The American wheat markets are moderately active without offering much in the way of buying or selling cash wheat. Now Northern
